TO WHOM IT MAY CONCERN,

My name is Mark Mayeda. I am a 35-year-old Software Engineer who recently graduated from Brigham Young University in Software Engineering with a 3.8 GPA. I am proficient in HTML, the C++, Java, JavaScript, Php, SQL and NodeJS programming languages and have experience with Docker, AWS, Lambda and Swagger docs. I also have extensive experience in the Aviation industry, specifically in the areas of flying and air traffic control.

Beyond these qualifications, I would be a good fit for your company because I am a hard worker who maintains a good attitude and I am a quick learner and love to learn new things and develop new skills.

I would very much like to discuss opportunities within your company. To schedule an interview, please call me at 971-208. My work schedule varies day to day, but the best time to reach me is typically between 5:00PM and 7:00PM Pacific time, but you can leave a voicemail at any time, and I will return your call or feel free to email me at markrmayeda@gmail.com.

Thank you for taking the time to review my resume. I look forward to talking with you.

Sincerely,
Mark Mayeda
